The employee also lists that he was a Board Member of the Committee for Far Eastern Democratic Policy. It is possible that the employee refers to the Committee for a Democratic Far Eastern Policy which has been designated by the Attorney General under Executive Order 10450.

WFO will set out the personal history, and in setting out the basis for this investigation in its report will correctly indicate therein that this investigation is being conducted pursuant to Executive Order 10450. RESULTS OF INVESTIGATION

DETAILS:

AT LAWRENCEVILLE, VIRGINIA:

b6
b7C [redacted] Registrar, St. Paul's Normal and
Industrial School, advised that his records for the years
1916, 1917 and 1918 are incomplete and fail to reflect the
employment of the employee as a professor at the institution
during 1917 and 1918. However, he stated that J. L. WHITEHEAD,
Treasurer of the institution, and J. ALVIN RUSSELL, Past
President, were associated with the school at that time and
would in all possibility recall EDWARD FRANKLIN FRAZIER.

J. ALVIN RUSSELL, Past President, St. Paul's Normal
and Industrial School, advised that he recalled the employee
as a professor of English and History at St. Paul's during

III. RESULTS OF INVESTIGATION

Dr. HERBERT G. BLUMER, Chairman of the Department of Sociology and Social Institute, University of California, advised that he has known Dr. FRAZIER since about the summer of 1925 when both were graduate students in the Department of Sociology at the University of Chicago. He stated that they took their doctorate degree and entered academic work about the same time and correspond with each other and see each other two or three times a year at professional meetings. Dr. BLUMER went on to say that he believes he has a good picture of the employee and that he knew him well in non-academic work about 1931 or 1932. He stated that since that time, his personal contacts have been somewhat limited because of the nature and location of their work.

Dr. BLUMER advised that the employee's reputation, on a professional basis, is of the highest order, he being one of the foremost sociologists of his race in the world. He further advised that Dr. FRAZIER is the only person of his race to be President of the American Sociological Society which has been in existence since 1895. Dr. BLUMER went on to say that he can state quite forcibly that from the standpoint of the employee's character and reputation, he is recognized as honest, forthright, cooperative, honorable and a man of good sober judgment, bordering on the limits of great caution. He stated that Dr. FRAZIER is quite respected in terms of his thinking, has a disciplined mind and the disciplined character that goes with it.

According to Dr. BLUMER, in all of his associations with the employee, he cannot think of anything which would suggest disloyalty to our government or our way of life, nor does he recall any association with individuals or organizations on the part of Dr. FRAZIER that he (BLUMER) would think of as subversive in any sense. Dr. BLUMER went on to say that in Dr. FRAZIER's era, after World War I, there was an easy tendency for young

intellectuals of his race to be easily wooed by radical individuals and movements but that Dr. FRAZIER remained quite aloof and detached from such influences. Dr. BLUMER stated that the employee's reputation among sociologists was that he would never be thought of as "radically inclined."

Dr. BLUMER stated that to his knowledge, Dr. FRAZIER has not been affiliated with individuals or organizations of doubtful principles or aims, has not espoused any disloyal or subversive beliefs and that such affiliation or action would not be in keeping with the employee's character or way of thinking.

According to Dr. BLUMER, he met Mrs. FRAZIER some years ago but his acquaintance with her and other members of the employee's family have been quite limited and he cannot comment upon them.

Dr. BLUMER advised that he would have no hesitation or qualification in recommending Dr. FRAZIER for a position of trust, responsibility or security and believes him eminently qualified for the position he presently holds with the United Nations.

RESULTS OF INVESTIGATION

On the identification and personnel data sheet submitted by the employee, he lists membership in the Southern Conference Educational Fund, Inc., at New Orleans, Louisiana, and indicates that he is a member of the board.

b6
b7C Confidential Informants [redacted] of known reliability, and who are acquainted with the Southern Conference Educational Fund, Inc., and its parent organization, the Southern Conference for Human Welfare, have advised that the Southern Conference Educational Fund, Inc. was originally an adjunct of the Southern Conference for Human Welfare before the latter's demise in 1948. Political differences among the Southern Conference for Human Welfare leaders and unfavorable publicity from the House Committee on Un-American Activities resulted in its dissolution and, although the Southern Conference Educational Fund, Inc. continued as a separate and independent organization, it stressed the fact it was non-political in nature. The Fund has devoted its efforts primarily to race relations, particularly in the field of education, campaigning against discrimination and segregation in this field.

of endeavor.

The above informants have advised that the principal leaders of the Southern Conference for Human Welfare are the same as those who presently head the Southern Conference Educational Fund, Inc. [redacted] has served as Director of both the Southern Conference for Human Welfare and the Southern Conference Educational Fund, Inc. While the Communist Party was interested in infiltrating and controlling the Southern Conference for Human Welfare, it has given little indication of interest in the Southern Conference Educational Fund, Inc. *la*

The Southern Conference for Human Welfare, the parent organization, has been cited by the House Committee on Un-American Activities as a Communist front. Confidential Informant [redacted] stated that the Southern Conference for Human Welfare during its active period was considered by the Communist Party as a transmission belt to reach the masses. However, not all of the national officers of the Southern Conference for Human Welfare were controlled by the Communist Party.

Confidential Informants [redacted] of known reliability, who were active in the Southern Conference for Human Welfare, advised that [redacted], the Director of the Southern Conference Educational Fund, Inc., worked closely in the past with Communist Party members and invariably followed their advice along Communist Party lines. [redacted] stated, however, that [redacted] liked to show some independence in regard to minor details. [redacted] advised that [redacted] argued that his decisions siding with the Communist Party clique were the result of independent thinking and that he himself was a Christian Socialist.

Confidential Informant [redacted], of known reliability, and a long-time member of the Communist Party, advised that he did not believe [redacted] to be a member of the Communist Party but knew him as being sympathetic with the Party over a period of years. [redacted] took orders from the Communist Party and was an officer in the Southern Conference for Human Welfare through the determined efforts of the Communist Party. However, [redacted] on one occasion requested a Communist Party member to resign from the old Southern Conference for Human Welfare when it became publicly known that this individual was a Communist since [redacted] feared that this disclosure might jeopardize the organization.

X The Southern Patriot, which is published by the Southern Conference Educational Fund, Inc., in the January, 1949 issue on Page 4, Column 3, named Dr. E. FRANKLYN FRAZIER, Head of the Department of Sociology, Howard University, as a member of the Board of the SCEF. The Southern Patriot, March, 1950 edition, Page 1, Columns 1, 2 and 3, announced that "a Southwide Conference on discrimination in higher education will be held at Atlanta University on April 8, 1950." The news article stated that Dr. E. FRANKLIN FRAZIER, Head of the Department of Sociology at Howard University, and former President of the American Sociological Society, would be the keynote speaker. The article concluded that the SCEF was serving as coordinator for the conference.

The April, 1950 issue of the Southern Patriot on Page 2, Columns 2 and 3, contained excerpts from FRAZIER's keynote address on April 8, 1950, entitled "The Crisis in the Education of the Negro". In his address FRAZIER questioned whether university education could be based upon racial exclusiveness.

Confidential Informant [] of known reliability, advised that a booklet entitled "Discrimination in Higher Education" was published by the SCEF, Inc., and that the SCEF was attempting to distribute and sell this publication. The booklet was a compendium of the various addresses made at the Atlanta Conference on April 8, 1950.

On Pages 11 through 22 of the booklet "Discrimination in Higher Education" is published the text of FRAZIER's keynote address under the title "The Crisis in Negro Education."

b2
b7D Confidential Informant [] furnished a letterhead of the Southern Conference Educational Fund, Inc. dated June, 1951, which contained a list of the officers and members of the Board of Directors of the SCEF. E. FRANKLIN FRAZIER was named as a member of the Board of Directors.

The Southern Patriot, February, 1952 edition on Page 2, Column 2, lists Dr. E. FRANKLIN FRAZIER, Professor of Sociology, Howard University, Washington, D. C., as a member of the Board of Directors of the Southern Conference Educational Fund.

Confidential Informant New [] of unknown reliability, on October 9, 1952, furnished a letterhead of the SCEF, Inc. On the reverse side of this letterhead, E. FRANKLIN FRAZIER, Professor of

The keynote address made by FRAZIER on 4/8/50 at the conference coordinated by the SCEF at Atlanta University is not being set out in the body of this report inasmuch as it is not believed that it pertains to the loyalty of the employee. The article tends to show why the author does not believe that racial discrimination can be practiced in higher education. The fact that FRAZIER did make the keynote address is set out in the report inasmuch as the Southwide Conference was sponsored by the SCEF and FRAZIER was a member of the Board of Directors.

[redacted] of the Social Science Department, University of Puerto Rico, Rio Piedras, Puerto Rico, stated he did not know EDWARD FRANKLIN FRAZIER, but that since he has taken over the duties of [redacted], he has located correspondence in the files of his office reflecting that FRAZIER had been at the University about 1949 for the purpose of gathering information on population or racial relations in Puerto Rico. [redacted] said nothing of an unfavorable nature concerning FRAZIER had been brought to his attention.

[redacted] Department of Social Science, University of Puerto Rico, stated he had contact with EDWARD FRANKLIN FRAZIER during the approximately two or three weeks which FRAZIER spent at the University in 1949. He said that Mr. FRAZIER was gathering material on racial relations in the Caribbean. [redacted] said FRAZIER also visited other islands in the Caribbean about the same time, during which time FRAZIER was on sabbatical leave from Howard University, Washington, D.C., and it was the belief of [redacted] that FRAZIER was collecting his data with the assistance of a money grant from some social science foundation.

[redacted] stated he met FRAZIER again in 1952 when they chanced to locate each other in Paris and Venice. He continued that in the short period of time he has had contact with FRAZIER, he was never given any reason to consider FRAZIER an American of questionable loyalty. He said FRAZIER was a liberal thinker as regards racial relations, but not the type of person who would embrace Communism. He further stated that FRAZIER is a top-rate

sociologist and an outspoken person. He advised that he knew FRAZIER to be a prolific writer of books. He said he did not know FRAZIER well enough to advise in what organizations FRAZIER might have been a member. He concluded by stating he considered FRAZIER to be a good American citizen concerning whom he had no information of subversive tendencies or activity.

RESULTS OF INVESTIGATION

Mr. L. R. BYWATERS, Comptroller, Fort Valley State College, Fort Valley, Georgia, advised that he became affiliated with Fort Valley State College in 1919. He recalls, however, that Dr. EDWARD FRANKLIN FRAZIER lectured at the campus of that school in 1916 and 1917, although no permanent record is available. Since then, Mr. BYWATERS stated, Dr. FRAZIER has returned to Fort Valley State College periodically to deliver addresses although Dr. FRAZIER is not and has not been a faculty member of that institution.

Mr. BYWATERS pointed out that Dr. FRAZIER is considered an outstanding scholar of good character and reputation. Mr. BYWATERS stated that based upon his observation of Dr. FRAZIER he considered him a loyal American citizen of good character and reputation, and he would recommend him for a position of trust in the Government service.

Mrs. V. J. WOODWARD, Secretary to the Dean, Fort Valley State College, Fort Valley, Georgia, advised that that school was formerly known as the Fort Valley High and Industrial School around 1916 and 1917. She stated she first became acquainted with Dr. FRAZIER in 1916 and has had contact with him since that time. Mrs. WOODWARD stated that based upon her observation of Dr. FRAZIER she considered him to be a person of good character, loyalty and associates, and she would recommend Dr. FRAZIER for any position of trust and confidence in the Government service.

[redacted] stated that his contacts with Dr. FRAZIER have been of a professional nature, but based on these contacts he considers Dr. FRAZIER to be a loyal American citizen.

[redacted] Deputy Clerk, Peach County, Georgia, and Mr. GRADY COCHRAN, Chief of Police, Fort Valley, Georgia, advised that there was no reference made in their files to EDWARD FRANKLIN FRAZIER.

There is no Credit Bureau located in Fort Valley, Georgia or Peach County, Georgia.

Dean BRAILSFORD R. BRAZEAL, Morehouse College, Atlanta, Georgia, advised that he had been well acquainted with Dr. EDWARD FRANKLIN FRAZIER for over twenty years. Dean BRAZEAL advised that Dr. FRAZIER was an eminent scholar, and outstanding sociologist. He pointed out that Dr. FRAZIER was at one time president of the American Sociological Society, with headquarters in New York City. Dr. BRAZEAL stated that he could not be specific with respect to other organizations to which Dr. FRAZIER belonged.

Dr. BRAZEAL stated that based on his personal observation of Dr. FRAZIER as well as his own reading of articles written by Dr. FRAZIER that he is convinced that Dr. FRAZIER is a strong believer in democratic principles. Dean BRAZEAL stated that based upon his observation of Dr. FRAZIER that he would consider him a very loyal American citizen of excellent character, reputation and associates.

Dr. N. P. TILLMAN, Morehouse College, Atlanta, Georgia, advised that although he has not been in personal contact with Dr. FRAZIER for about two or three years that he has known Dr. FRAZIER for about thirty years.

Dr. TILLMAN recalled that Dr. FRAZIER was formerly Director of the Atlanta School of Social Work from 1922 to 1927, and a professor at Morehouse College from about 1922 to 1924. Dr. TILLMAN stated that Dr. JOHN HOPE, now deceased, had requested Dr. FRAZIER's resignation as Director of Atlanta School of Social Work solely because he felt that Dr. FRAZIER, at that time, was not sufficiently qualified as an administrator and because Dr. FRAZIER appeared to be more interested in outside activities than he was in his duties as an administrator.

Dr. TILLMAN stated that he has followed the activities of Dr. FRAZIER as a sociologist and has read a number of works written by Dr. FRAZIER. Based upon his observations of Dr. FRAZIER in this respect, he felt that Dr. FRAZIER was anti-Communist and a strong believer in the fundamental principles of democracy.

Dr. TILLMAN stated that at no time during the thirty years that he has known Dr. FRAZIER has he known Dr. FRAZIER to become affiliated with any subversive organization or group and he has never heard Dr. FRAZIER advocate or favor communism. Dr. TILLMAN stated that based upon his observation of Dr. FRAZIER he would recommend Dr. FRAZIER as a loyal American citizen of good character, reputation and associates.

Dr. FOREST BLANCHARD WASHINGTON, Director, Atlanta University School of Social Work, Atlanta, Georgia, advised that this school is a successor to the Atlanta School of Social Work. Dr. WASHINGTON advised that he had succeeded Dr. FRAZIER as Director of the Atlanta School of Social Work in 1927. Dr. WASHINGTON stated that he had known Dr. FRAZIER as a very eminent sociologist and scholar who had at one time been President of the American Sociological Society. Dr. WASHINGTON stated that he had not been in close personal contact with Dr. FRAZIER for a number of years, but that he had often heard Dr. FRAZIER lecture and had read a good many articles written by Dr. FRAZIER.

Dr. WASHINGTON stated that based upon his personal observation of Dr. FRAZIER as well as his knowledge of Dr. FRAZIER's speeches and writings that he considered Dr. FRAZIER to be a loyal American citizen of good character, reputation and associates.

[REDACTED], Professor of Political Science, Morehouse College, advised that he was not personally well acquainted with Dr. FRAZIER, but was acquainted with Dr. FRAZIER from a professional standpoint and had often heard him lecture and had read numerous articles written by Dr. FRAZIER. [REDACTED] stated that based upon his observation of Dr. FRAZIER over the past ten years he considered him to be a person of good character, reputation, loyalty and associates.

Dr. WALTER CHIVERS, Morehouse College, Atlanta, Georgia, advised that he has known Dr. FRAZIER for twenty-five years. However, he stated that he has not been closely associated with Dr. FRAZIER since about 1934. Dr. CHIVERS said that he recalled that Dr. FRAZIER was Director of the Atlanta School of Social Work from about 1922 to 1927, and was familiar with the circumstances under which Dr. FRAZIER had left the Atlanta School of Social Work.

Dr. CHIVERS stated that as he recalled, Dr. JOHN HOPE, former President of the Atlanta School of Social Work, now deceased, objected to the fact that Dr. FRAZIER was apparently more interested in outside activities such as speeches and writing than he was in the administrative duties attached to the work of Director of the School. Dr. CHIVERS stated that as a result Dr. FRAZIER had submitted his resignation to Dr. HOPE. Dr. CHIVERS stated that he considered Dr. FRAZIER to be a loyal American citizen of good character, reputation and associates.

Mr. L. D. MILTON, President, Citizens Trust Company, 212 Auburn Avenue, Atlanta, Georgia, advised that he had known Dr. EDWARD FRANKLIN FRAZIER since about 1920, although he has had very little personal contact with Dr. FRAZIER for over ten years. Mr. MILTON stated that he knew Dr. FRAZIER as a fellow faculty member at Morehouse College from about 1922 to 1924 and as Director of the Atlanta School of Social Work from about 1922 to 1927. Mr. MILTON said that he was familiar with the circumstances under which Dr. FRAZIER had resigned as Director of the Atlanta School of Social Work around 1927. Mr. MILTON said that Dr. JOHN HOPE, now deceased, who was President of the Atlanta School of Social Work in 1927, objected to the fact that Dr. FRAZIER had shown a lack of sufficient

administrative ability and was apparently being distracted from his duties as Director by outside interests such as speeches and writings. As a result Dr. HOPE accepted Dr. FRAZIER's resignation. Mr. MILTON said that Dr. FRAZIER was an outstanding sociologist.

Mr. MILTON stated that he was not familiar with specific organizations to which Dr. FRAZIER had belonged other than the American Sociological Society, of which Dr. FRAZIER was one time president.

Mr. MILTON advised, although he has known Dr. FRAZIER for over thirty years that his contact with Dr. FRAZIER during the past ten or more years has been infrequent. However, he stated that based on his association with Dr. FRAZIER and his reading of articles written by Dr. FRAZIER that he believes that Dr. FRAZIER is a loyal American citizen who does not actually sympathize with any ideology inimicable to the best interest of the United States. Mr. MILTON pointed out, however, that he considers Dr. FRAZIER to be an individual who fancies himself as an ardent student of political science who has on several occasions become very loquacious and argumentative concerning various political theories. Mr. MILTON was unable to furnish any specific information as to the exact arguments or theories put forth by Dr. FRAZIER. Mr. MILTON explained that due to the lapse of time since he has had personal contact with Dr. FRAZIER he could not recollect with accuracy such arguments.

Mr. MILTON stated that he does not recall any statements of un-American character made by Dr. FRAZIER. Mr. MILTON pointed out that although he considered Dr. FRAZIER entirely loyal, he would not recommend Dr. FRAZIER for a position of trust and confidence because Dr. FRAZIER in the past has indicated that he, Dr. FRAZIER, is entirely too argumentative and at times antagonistic with respect to his statements relative to political theories.

Mr. MILTON stated that he feels that Dr. FRAZIER, possessed with this personality and disposition, might easily be misunderstood and even suspected of possessing un-American sympathies due to his ill-advised remarks concerning political theories.

Mr. MILTON advised that he considered that his conclusions in this regard were non-specific personal conclusions and observations based upon his thirty years acquaintanceship with Dr. FRAZIER and that he therefore did not care to furnish a signed statement or testify before a loyalty hearing board.

Every effort was made to obtain more definite facts and information from Mr. MILTON regarding Mr. MILTON's basis for stating that he did not feel Dr. FRAZIER was qualified for a position of trust with the U. S. Government but these efforts were unsuccessful.

CONFIDENTIAL - SECURITY INFORMATION

[redacted], who has furnished both reliable and unreliable information concerning Communist Party activities in Georgia, advised that around November 11, 1941, [redacted], a self-admitted Communist organizer in Atlanta, Georgia, at that time, had given to the informant a mimeographed form reading as follows:

"The following outstanding Negro leaders wrote President FRANKLIN DELANO ROOSEVELT about two years ago asking him to 'take executive action for the immediate release of EARL BROWDER' and restore him to his family, a free American citizen." They mentioned that their concern was for the greatest possible National unity of all anti-Fascist forces, and not for his philosophy or politics. (The organizations, schools, functions, etc. are noted here for identification purposes only.) Among the names included on the form was the name of "Professor E. FRANKLIN FRAZIER, Howard University, Washington, D. C."

EARL BROWDER is the former Communist Party Candidate for President in the National Elections. He was convicted of perjury in connection with a passport application at the time noted above.

[redacted] considered reliable, advised that the Southern Conference Educational Fund, Incorporated, met on June 27, 1949, at Morehouse College, Atlanta, Georgia. Informant stated that at the meeting the Board of Directors prepared and issued a press release which decried the segregation of races in southern schools. The conference was "sponsored by the Southern Conference Educational Fund, Incorporated, of New Orleans." The conference passed a resolution condemning segregation in education.

[redacted] considered reliable, advised that, after the House Committee on Un-American Activities labeled the Southern Conference for Human Welfare as a Communist front organization in 1927, a meeting of the administrative committee of the Southern Conference for Human Welfare was held on June 21, 1947, at Washington, D. C. At this meeting [redacted] former Administrative Director of Southern Conference for Human Welfare, resigned that post and accepted the Directorship of the Southern Conference Educational Fund, Incorporated.

The Southern Conference for Human Welfare has been cited by the Attorney General of the United States as an organization coming within the purview of Executive Order 10422.

III RESULTS OF INVESTIGATION

EMPLOYMENT

Dr. CHARLES S. JOHNSON, President, Fisk University, Nashville, Tennessee, advised that he has a personal recollection of EDWARD FRANKLIN FRAZIER having been a lecturer at Fisk University. Dr. JOHNSON stated that the personnel records during the period of time which he was at Fisk University were rather sketchy and have not been maintained. He is unable to locate any employment record indicating that FRAZIER was at Fisk. Dr. JOHNSON recalled that he came to Fisk University in approximately 1928 and stated that to the best of his recollection, he brought FRAZIER to Fisk University within one or two years after his arrival. He stated that FRAZIER was a lecturer in the Department of Sociology and remained at Fisk University for a period of approximately four years. Dr. JOHNSON stated that he considers FRAZIER to be one of the outstanding sociologists in the U. S. or in the world and stated that he had always found him to be a man of excellent character and reputation and a person whose associates were above reproach. Dr. JOHNSON stated that he considered FRAZIER to be entirely loyal to the U. S. Dr. JOHNSON pointed out that occasionally FRAZIER, who was very outspoken and who was a rather

active individual, got himself into predicaments which were embarrassing. He pointed out that he recalled within the past several years, Dr. FRAZIER had agreed to be the toastmaster or chairman at a dinner given in honor of a Dr. W. E. DUBOIS, but subsequent to his agreement to act as such, Dr. DuBOIS became involved in a litigation concerning a contempt of congress proceedings, and quite a bit of unfavorable publicity resulted with regard to DuBOIS. Dr. JOHNSON stated that after giving the matter due consideration, FRAZIER decided that he would go ahead and act as toastmaster inasmuch as he had known DuBOIS for years and that he felt that he should go ahead regardless of the publicity. Dr. JOHNSON stated that he pointed this out to indicate the type of person that FRAZIER is. He stated that he has no personal knowledge of FRAZIER's membership in any organization which could be considered subversive and that, in his opinion, FRAZIER is entirely loyal to the U. S. and is opposed to Communism.

The "Daily Worker," an east coast daily Communist publication, page seven, issue of October 26, 1943, contains an item concerning the first classes held at the George Washington Carver School in New York City. This article notes that Dr. CHARLES S. JOHNSON, Fiske University, was, with Dr. E. FRANKLIN FRAZIER, one of the lecturers on Race Relations.

The George Washington Carver School has been declared within the purview of Executive Order 10450 by the Attorney General.

MISCELLANEOUS

Dr. GEORGE N. REDD, professor and dean at Fisk University, Nashville, Tennessee, advised that he is personally acquainted with EDWARD FRANKLIN FRAZIER but stated that he never knew him at Fisk University. Dr. REDD stated that he and FRAZIER are both from Baltimore, Maryland, and that he has known FRAZIER for practically his entire life. He pointed out that he was one of FRAZIER's first students when FRAZIER started teaching in a high school in Baltimore, Maryland. He stated that he has known and has been closely associated with FRAZIER since that time and that he has an extremely high regard and a personal fondness for FRAZIER. Dr. REDD stated that in his opinion, FRAZIER is of excellent character, has a very good reputation, and his circle of associates are above reproach. He stated that he considers FRAZIER to be entirely loyal to the U. S. Dr. REDD stated that he knows of no organizations of which FRAZIER has been a member which are subversive. He stated that to the contrary, it has always been his understanding that FRAZIER's ideals are the opposite of any Communistic ideals and that he has always associated himself with those persons who are opposed to Communism. He pointed out that FRAZIER has married into an old and extremely well thought of family in Baltimore and that he has in-laws throughout the entire eastern part of the U. S. He stated that one of these in-laws is a Judge DeLANEY whose first name is unknown to REDD but

who was described by him as being a judge in New York City. He stated that DeLANEY and all of the other members of Mrs. FRAZIER's family are known to be extremely conservative and have always been known to be anti-Communist. He stated that to his knowledge, FRAZIER has always associated himself with this group.

The previously mentioned issue of the "Daily Worker" of October 26, 1943, refers to "an original contribution of \$1,500 from PAUL ROBESON and Judge HUBERT DELANEY (both are on the Board of Directors). . ."

b6
b7C

[redacted] Department of Sociology, Fisk University, Nashville, Tennessee, advised that she has known FRAZIER since approximately 1942. She stated that she was in Washington, D. C., between 1942 and 1945 and at that time was very closely associated with FRAZIER inasmuch as both are sociologists. She pointed out that she has done quite a bit of work with him and was active in revising a book which FRAZIER wrote and she also collaborated with him to a certain extent on the book. She stated that she believes him to be of excellent character and that he has a good reputation and an enviable one as a sociologist. She stated that to her knowledge, all of his friends are entirely loyal to the U. S. and are completely above reproach, most of them being professors and persons in the intellectual field. [redacted] stated that probably many people would be irritated by FRAZIER inasmuch as he is completely frank and outspoken in his attitude and completely honest in all opinions which he offers. She pointed this out in trying to show some aspects of his character. She stated that he had the reputation of being very frank in giving his opinion of work and that he was regarded by other sociologists as being a man to whom they could go to get a frank opinion of any paper which they were preparing. She stated that she believed that he was entirely loyal to the U. S. and that he was anti-Communist. She stated that she believes that he would be anti-Communist because he would see through the Communist scheme of baiting the people into their organization, and that she felt that he would see through the Communist approach. When questioned concerning some of the activities in which FRAZIER was reportedly involved, according to articles appearing in the "Daily Worker", an east coast Communist newspaper, [redacted] stated that she had no personal knowledge of his being involved in any such activities. She stated that if FRAZIER had ever gone on record as being in defense of the Communist Party, he would do so not because he had an interest in Communism but that he would take a position of defending the right to have a Communist Party in order to preserve the American democratic ideals of having free speech. [redacted] stated that in her opinion, he is extremely loyal to the U. S. and very much in favor of the system of government which is in effect in the U. S. today. She stated that he feels in her opinion as she does, in that she feels that this is one country where there is freedom of speech and the right to think and act as one desires. She stated that if he had ever become involved in any activities such as demanding protection for the Communist Party, it would be to defend these rights for all people and not for any specific defense of the Communist Party. She stated that she, in her opinion, thinks that he is very definitely anti-Communist and that she would have no doubt whatsoever of his feelings along these lines.

The George Washington Carver School

By Ann Rivington

The George Washington Carver School, 57 W. 125th St., Harlem's new "people's institute," as Dr. Max Yergan lovingly calls it, held its first classes last night.

Dr. Yergan, who heads its board of directors, is not alone in his feeling of affectionate pride in the brand new educational institution you'll find behind the gold-lettered door, one flight up from the heart of Harlem. Every member of the board, every teacher, white as well as Negro, every citizen of the community who has discovered the new school, has much the same feeling.

Gwendolyn Bennett, who resigned from the administrative staff of the School for Democracy to become the school's director, will tell you why.

A PART OF THE WAR EFFORT

"This school is owned and operated," she says, "by people who believe that the man in the street is a creative force that must be developed."

The school is part of the war effort and part of the future, Miss Bennett believes. It will help to cement Negro and white unity, and "to make the citizens of Harlem better able to take their rightful place in society after this war is won."

One look around the headquarters tells you it's a special kind of an institution. What was a drab floor of rooms and offices has been made glorious with paint. Two of the artist teachers—Norman Lewis and Elizabeth C. White—"made it over" in grey and rose, green, buff and blue.

DECORATING INEXPENSIVE

The Rev. Alger Adams, assistant pastor of St. Augustine's Church, in Brooklyn, who will give lectures on religion, repaired and painted the chairs in the room where his classes will meet.

Miss Bennett, at a press conference that preceded the school's for-

mal opening last Sunday evening, let out the secret that the entire decorating cost was less than \$100. She also confessed that just before she dressed for the opening she herself finished scrubbing one of the classroom floors. "This is a people's school," she said, "and there's nothing I wouldn't do for a people's school."

That spirit is catching on in the community. People see the letters on the door, and "drop in" from across the street or down the block to register for a course and offer to help out with anything they can do from carpentry to typing.

The score of courses already scheduled gives a wide choice for cultural and practical education. Registration so far shows that the three most popular studies are Negro History, How to Make a Dress, and How to Write Good English. Miss Bennett herself will deliver the Negro History lectures. She and Dr. Alain L. Locke of Howard University will lecture on Cultural Contributions of the American Negro. Dr. Lawrence Reddick, curator of the Schomburg Collection in the 136th St. Public Library, will teach an advance course in Source Study of Negro History.

FERDINAND SMITH TEACHES

Teachers of trade union and labor courses include Ferdinand Smith of the National Maritime Union, Edward S. Lewis, Dorothy K. Funn, and Charles Young Trigg. Because the American Negro must find his place in a world at war for freedom, there will be a course entitled, *The World Is Smaller Than You Think*, whose teachers will include Kumar Goshal, Liu Liang-Mo, Dr. Locke and Dr. Yergan.

Lecturers on Race Relations in the City will include Dr. E. Franklin Frazier of Howard University, author of "The Negro Family"; Dr. Charles S. Johnson, Fiske University, and Dr. Alfred Lee of Wayne

University, whose book on the Detroit riots will come out next month.

Dr. Philip Foner of the School for Democracy will teach American History, and John Harmon, head of the Harlem office of the OPA, will be among the lecturers on *Your Dollar and How to Spend It*.

PEOPLE SUPPORT SCHOOL

In keeping with the aims of a people's school, the tuition is abnormally low—\$2 for an eight-weeks

course. "The school will be supported by the community," Miss Bennett says serenely, and she has

reason for thinking so. An original contribution of \$1,500 from Paul Robeson, Judge Hubert Delaney (both are on the Board of Directors) and an anonymous donor has already been augmented by \$1,120 that "just came in," the contributions of sympathetic citizens.

The school's board of directors is Dr. Alain L. Locke of Howard University, a roster of distinguished men and women, white as well as Negro, in the world of culture and scholarship. In addition to those already listed, it includes Dr. Leonard Covello, principal of the Benjamin Franklin High School, Ben Davis, Jr., Communist candidate for the City Council, Dr. Alice Keliher of New York University, Councilman A. Clayton Powell, Canada Lee, Thyra Edwards of the People's Voice, Harcourt Tynes and the Rev. Charles Young Trigg.

In an article appearing in the "Daily Worker" dated March 18, 1945 it was reflected that Dr. E. FRANKLIN FRAZIER, Howard University, Washington, D. C., signed a statement commending the War Department's stand on the question of rendering Communists and Communist sympathizers eligible for Army commissions.

It is to be noted that the employee indicated on his Identification and Personnel Data for Employment of United States Citizens Form that he had been employed at Howard University, Washington, D. C., since 1934.

An article appeared in the "Daily Worker" dated April 20, 1947 entitled "Noted Citizens Rap Attack on Communists," which reflected that more than one hundred prominent individuals called upon Congress by letter to defeat the various "exceptional and punitive measures directed against the Communist Party" and opposed all legislation that would curtail the civil rights of the Communists. The name Dr. E. FRANKLIN FRAZIER, Howard University, appears as a signer of this letter.

The February 9, 1951 issue of the "Daily Worker" reflected that Professor E. FRANKLIN FRAZIER, former lecturer at Columbia University and New York School of Social Work and presently Head of the Department of Sociology at Howard University, Washington, D. C., was to lecture on "War or Peace." This lecture was to be sponsored by the National Council of the Arts, Sciences and Professions.

The article entitled "Artists, Scientists Parley Urges Peace," appearing in the May 1, 1950 issue of the "Daily Worker," reflects that one E. FRANKLYN FRAZIER was one of the officers elected to the National Council of Arts, Sciences and Professions.

The article entitled "Artists, Science Leaders Ask Rehearing For '11'," which appeared in the June 15, 1951 issue of the "Daily Worker" showed the National Council of the Arts, Sciences and Professions endorsed the dissenting opinion in the case of the eleven Communists under the Smith Act. Endorsers of this opinion included the name of one Dr. E. FRANKLIN FRAZIER, Sociologist.

[redacted], of known reliability, advised in November, 1950 that E. FRANKLIN FRAZIER was a Vice Chairman of the National Council of the Arts, Sciences and Professions, Incorporated.

It is to be noted that the employee indicated on his Personnel Data Form that he was a Vice-President of the Council of Arts, Sciences and Professions.

I. RESULTS OF INVESTIGATION

DECLASSIFIED BY SP4 elw/ala
ON 8/24/89
[redacted], of unknown reliability, a former member of the Communist Party, advised that in May 1935 a convention of Negro leaders, including both Communists and non Communists, was held on the campus of Howard University. One of the purposes and results of this convention was the organization of the National Negro Congress.

Just prior to the opening of the Howard University convention, a meeting of the Communist Party leaders, constituting the Communist fraction of the proposed Congress, was held to formulate plans to assure Communist control of the National Negro Congress. [redacted] referred to this meeting as a Communist caucus and said it was a closed meeting and that only leading Negro Communists attended.

[redacted] advised that the idea of a national Negro congress was originally developed as a part of the "Popular front" policy originating at the seventh world congress in Moscow. The proposal for a national Negro congress had been approved by the National Committee of the Communist Party prior to the Howard University convention.

[redacted] said that to the best of his recollection, E. FRANKLIN FRAZIER, then a professor at Howard University, was present at this meeting. [redacted] stated that if he was present, as he believes, it would indicate that FRAZIER was a member of the Communist Party inasmuch as only Communist Party members were allowed at the meeting. [redacted] stated that he had no further information on E. FRANKLIN FRAZIER and declined to furnish a signed statement or to testify before a Hearing Board inasmuch as he is not entirely certain that FRAZIER was among those present.

~~SECURITY INFORMATION - CONFIDENTIAL~~

NY 138-1583

The Attorney General of the United States has declared the National Negro Congress to be within the purview of Executive Order 10450.

[redacted] of unknown reliability, a former member of the Communist Party, furnished approximately the same information concerning the May 1935 conventions held on the campus of Howard University. He also advised that just prior to the convention, a meeting of the top leaders of the Communist Party present at the convention, which group composed the Communist fraction, was called by [redacted], a former vice presidential candidate of the Communist Party, for the purpose of outlining the procedure and policy to be followed by the Communist groups in order to control the formation and activities of the proposed National Negro Congress.

[redacted] advised that he believes E. FRANKLIN FRAZIER was one of those present at the Communist caucus, but is not entirely certain of this because of the lapse of time. He stated that if FRAZIER was present, it would indicate that he was a member of the Communist Party as only Communist Party members were permitted.

b2
b6
b7C
b7D

[redacted] advised that he has considered the employee to have been a leading Negro Communist because he has been a regular supporter of Communist causes and Communist front organizations. He stated he did not know definitely that FRAZIER had been a member of the Communist Party, but said he had assumed he was. [redacted] could not recall whether he had ever met the employee, since the employee has spent most of his time in Washington, D. C.

[redacted] declined to furnish a signed statement or to testify before a Loyalty Hearing Board.

[redacted], of unknown reliability, a former colleague of the employee at Howard University, advised that he first came to know the employee about 1935 when he joined the Howard University faculty as a Sociologist. [redacted] advised that his relations with the employee were quite cordial until about 1939 or 1940, when an incident occurred which caused him to doubt the honesty and sincerity of FRAZIER. This concerned another faculty member, [redacted] who had applied for a Rosenwald scholarship. FRAZIER told [redacted] that he had written a letter of recommendation for [redacted], but [redacted] later discovered by accident that the letter which FRAZIER wrote was very unfavorable to [redacted] and probably prevented him from obtaining the scholarship. The informant stated that [redacted] views were anti-Communist and that this may have been one of the things which influenced FRAZIER's unfavorable letter, but he did not definitely know this to be the reason.

NY 138-1583

[] stated that after this incident, he did not feel that the employee was trustworthy and had very few dealings with him thereafter. [] advised that he was not associated with the employee during the 1940's. He stated that in January, 1951, Dr. FRAZIER, in his capacity as Chairman of the sponsoring committee, sent him an invitation to a testimonial dinner for W.E. DuBOIS, mentioned in previous report, which [] declined. The informant stated that during the 1930's when he had known him, the employee did not seem to be actively interested in Communism or Marxism, but that he understood that during the 1940's, the employee had become quite a joiner and supporter of Communist front organizations.

[] stated that he had heard that FRAZIER was a member of the Council on African Affairs, but did not know how active he was in the affairs of that organization. He stated that he did not recall whether Dr. FRAZIER had been a member of the Teachers Union at Howard University or had participated in factional disputes between the Communist and non-Communist members of the Howard University chapter of the Teachers Union.

b2
b7D

[] also advised that he, [] had been a member of the National Negro Congress, previously mentioned, which had its origin in the 1935 conference at Howard University and its first national convention at Chicago in 1936. [] stated that he was present at both of these meetings, but could not recall if the employee had participated in either meeting or if the employee had ever been a member of the National Negro Congress.

[] stated that his close association with Dr. FRAZIER had ended prior to 1940, but that from Dr. FRAZIER's activities, of which he has since heard, he would say that Dr. FRAZIER has the reputation as a fellow traveler and supporter of the Communist causes. He said he had no information that FRAZIER had been a member of the Communist Party.

[] advised that Dr. FRAZIER was considered an excellent Sociologist but was not otherwise highly regarded by his fellow faculty members as he was rather rough, without polish, and believed to consider his own interests above all others. He stated the employee's wife is not in any way interested in any type of ideological activity so far as he knew.

[] stated he did not recall any particular degree of association between Dr. FRAZIER and other individuals on the Howard University faculty who were generally assumed to be Communist.

[] declined to furnish a signed statement or to appear before a Hearing Board at the present time.

NY 138-1583

[] previously mentioned, advised that he had first met the employee during World War I. He said that his opinion of the employee at that time was that he was "personally ambitious and self assertive", and he has had no reason to revise this opinion.

[] advised that Dr. FRAZIER was for some years a member of the Council on African Affairs, previously mentioned. He stated that in 1948 a factional fight, based mainly on the issue of Communism, developed in the organization. This divergence of opinion resulted in the ousting of MAX YERGAN and his replacement by PAUL ROBESON, the present director.

[] stated that he understood that YERGAN had requested the assistance of Dr. FRAZIER as a Board member against ROBESON and his Communist clique, but that FRAZIER had refused to help YERGAN and seemed to favor the Communist group. [] stated he did not know whether this was based on Dr. FRAZIER's ideological viewpoints or because of some personal animosity toward YERGAN.

[] advised that around 1946 or 1947, he had heard FREDERICK VANDERBILT FIELD, who was active in the formation of a Democratic Far Eastern policy, previously mentioned, suggest the name of E. FRANKLIN FRAZIER as a potential member of that organization. [] stated that he had heard that FRAZIER did later become a member.

Concerning FREDERICK VANDERBILT FIELD, [] previously mentioned, advised in 1947 that FREDERICK VANDERBILT FIELD was a member of the newly formed foreign affairs committee of the Communist Party.

[] also advised that FREDERICK V. FIELD and ALEXANDER TRACHTENBERG were considering offering the employee an appointment to the Board of Trustees of the Jefferson School of Social Science, New York, New York, sometime in the late 1940's, but he did not know what action, if any, had been taken on this proposal.

[], of known reliability, advised in 1947 that ALEXANDER TRACHTENBERG was a member of the National Review Committee of the Communist Party. ALEXANDER TRACHTENBERG is one of the Communist Party leaders convicted in the United States District Court, Southern District of New York, on January 21, 1953 for violation of the Smith Act.

The Attorney General of the United States has declared the Jefferson School of Social Science, New York City, to be within the purview of Executive Order 10450.

NY 138-1583

[] advised that he had no information that the employee was ever a member of the National Negro Congress. [] in conclusion, advised that he is doubtful of the employee in terms of security and loyalty to the United States because of his questionable connections and affiliations. He stated that he could not say of his own knowledge that the employee was ever a member of the Communist Party. He said that it may be that the employee had been unwittingly victimized by the Communist Party and its members who had taken advantage of his personal ambition to control and use him to the advantage of the Communist Party.

b2
b7D

[] declined to furnish a signed statement or to appear before a Hearing Board.

[] of known reliability, a former member of the Communist Party, advised that she did not know the employee and could furnish no information concerning him.
